This Ontario Accessibility Standard (the “Standard”) was developed in accordance with the Integrated Accessibility Standards (Ontario regulation 191/11) and is required for the implementation of the Accessibility for Ontarians with Disabilities Act, 2005 (AODA).

Application

This standard applies to Stantec employees and all persons who are expected to deal with members of the public in Ontario, and other third parties, on behalf of Stantec. This requirement applies whether the person is considered an employee, subcontractor or subconsultant, agent, or otherwise, as well as all persons who participate in developing Stantec’s policies, practices and procedures governing the provision of services to members of the public.

This standard applies to all services offered at office facilities owned or leased by Stantec in Ontario.

Purpose

This Standard addresses Regulation 191/11, Integrated Accessibility Standards under the Accessibility for Ontarians with Disabilities Act, 2005 (AODA). These Regulations establish accessibility standards for the provision of goods and services by private companies to members of the public, and introduces requirements for information, communications, training, and employment.

This Standard addresses the following:

- The provision of services to persons with disabilities;
- Notice of temporary disruptions in services and facilities;
- The use of assistive devices by persons with disabilities;
- The use of service animals by persons with disabilities;
- The use of support persons by persons with disabilities;
- Customer feedback regarding the provisions of goods and services to persons with disabilities;
- Training for all persons outlined in section entitled “Training for Staff” below;
- Notice of the availability and format of documents;
- The provision of accommodation to persons with disabilities throughout the selection process;
- The development of accommodation plans for employees with disabilities; and,
- The maintenance of accessible websites and web content.

Commitment

Stantec strives to meet the accessibility needs of employees and the public they serve in a timely manner and in a way that respects their dignity and independence. Stantec endeavors to fully integrate those with disabilities so that wherever possible they fully benefit from the same services, in a similar way, to other clients. Stantec is committed to ensure that its policies, practices and procedures provide equal opportunity to persons with disabilities as is given to others. We value continuous improvement and will regularly review our accessibility policies, practices and procedures in order to identify and address any barriers to accessibility.
Accessibility to Services

Communication
Stantec will communicate with people with disabilities in ways that considers their needs. We will train staff who work with customers and clients on how to interact and communicate with people with various types of disabilities.

Telephone Services
We are committed to providing fully accessible telephone service to our customers and clients. We will train staff to communicate with clients over the telephone in clear and plain language and to speak clearly and slowly. We will offer to communicate with customers and clients by alternate methods if telephone communication is not suitable to their communication needs or is not available.

Assistive Devices
A person with a disability may provide their own assistive device for the purpose of obtaining, using and benefiting from Stantec’s services.

Exceptions may occur in situations where Stantec has determined that the assistive device may pose a risk to the health and safety of a person with a disability or the health and safety of others on the premises.

The person with a disability must ensure that their assistive device is operated in a safe and controlled manner at all times.

Billing
We are committed to providing accessible invoices to all of our clients. For this reason, invoices will be provided in the following formats upon request: hard copy, large print, and e-mail. We will answer questions clients may have about the content of the invoice in person, by telephone or e-mail.

Service Animals
Any person with a disability who is accompanied by a service animal may enter with the service animal into parts of our premises that are open to the public and where the animal is not prohibited by governing law.

Where it is not readily apparent that an animal is a service animal, Stantec staff may ask the owner to provide appropriate supporting documentation.

Staff who deal with the public will be trained on how to interact with people with disabilities who are accompanied by a service animal.

It is the responsibility of the person with the disability to ensure that their service animal is kept in control at all times. This will include controlling the behavior of the animal, cleaning up after the animal, and being responsible for any damage the animal may cause to Stantec or its landlord’s property.

Support Persons
Any person with a disability who is accompanied by a support person will be allowed to enter our premises with his or her support person. At no time will a person with a disability who is accompanied by a support person be prevented from having access to his or her support person while on our premises.

Maintenance of Accessible Elements in Public Spaces
If there is an accessible element of a public space that Stantec is required to maintain, the Stantec office that is required to maintain that element shall keep the element in good working order. If an accessible element of
a public space that Stantec maintains becomes unavailable due to preventative or emergency maintenance, an alternative access plan will be drawn up that gives consideration to accessibility and posted in an area accessible to the public.

**Notice of Temporary Disruption**

Stantec will provide notice in the event of a planned or unexpected disruption in the facilities or services usually used by people with disabilities. This notice will include information about the reason for the disruption, its anticipated duration, and a description of alternative facilities or services, if available. The notice will be placed at all public entrances.

Stantec will follow this same process for dealing with a temporary disruption to any accessible elements in any public space that Stantec maintains.

**Accessibility to Employment**

**The Selection Process**

Throughout the selection process, Stantec will notify all applicants that accommodation is available and will make reasonable accommodation for persons with disabilities. Stantec will work with persons with a disability to make adjustments to the selection process in a way that best suits their needs.

All successful candidates, new hires, as well as current staff, will be notified of Stantec’s commitment to accommodating employees with disabilities in order to provide equal opportunity of employment.

**Process to Accommodate Employees**

As required, Stantec will provide reasonable accommodation for persons with disabilities. Stantec will work with employees with disabilities to develop a formal, written, individualized accommodation plan which will be reviewed and updated annually or when there is a change to the physical space, job requirements, or accommodation needs of that individual.

Individualized accommodation plans will be created, as needed, to support accessible performance management, career development, and job changes.

Stantec will continue to take the following steps to identify and remove accessibility barriers within internal processes, including return to work practices, performance management, career development and job change processes:

- Regular review of processes to identify barriers to accessibility;
- Consultation with employees with disabilities;
- Consultation with subject matter experts.

**Training for Staff**

Persons for whom this standard applies shall receive training as required by the *Integrated Accessibility Standards (Ontario Regulation 191-11)*.

Stantec will provide training to all Ontario employees, and volunteers, those who are expected to deal with members of the Ontario public and other third parties, on behalf of Stantec, as well as all persons who participate in developing policies, practices and procedures pertaining to the provision of goods and services.

Training will include information on the following:
• The purpose of the Accessibility for Ontarians with Disabilities Act, 2005 and the requirements of the customer service standard;
• How to interact and communicate with people with various types of disabilities;
• How to interact with people with disabilities who use an assistive device or require the assistance of a service animal or a support person;
• How to use equipment or devices available on premises or otherwise that may help with the provision of goods or services to people with disabilities;
• What to do if a person with a disability is having difficulty in accessing Stantec’s goods and services;
• Stantec’s policies, practices and procedures relating to the integrated accessibility standards;
• Requirements pertaining to persons with disabilities as outlined by the Ontario Human Rights Code.

Applicable persons will be trained on an ongoing basis as they enter a contract or employment with Stantec and when changes are made to these policies, practices and procedures.

Information and Communications
Stantec is committed to meeting the communication needs of people with disabilities and will work with an individual who has identified a disability, to provide information in an accessible format in a timely manner.

Stantec will strive to maintain its website and web content as to be in accordance with Level AA of the Web Content Accessibility Guidelines (WCAG) 2.0.

Feedback Process
Feedback respecting our accessibility program is welcomed, as it may identify areas that require change and encourages continuous improvements.
Feedback can be made to Human Resources in person, by e-mail, or in writing at the following address:

Access@Stantec.com
Human Resources
c/o Stantec Consulting Ltd
100-300 Hagey Boulevard
Waterloo, Ontario N2L 0A4

Additionally, feedback may be directed to Stantec’s Integrity Hotline at 1-855-389-9170 or via the Integrity Hotline Web Intake at www.stantec.ethicspoint.com.

All feedback will be directed to Human Resources who they will respond in a timely manner.

Upon request, we will work with you to ensure the feedback process is accessible.

Responsibilities
Human Resources will:
• Review this standard and the multi-year accessibility plan built into this standard every five years and revise when necessary
• Provide customers and interested parties with a copy of this standard upon request
• Make this standard available in alternate formats in a timely manner upon request
• Offer training to appropriate persons regarding the Integrated Accessibility Standards and the Human Rights Code
• Oversee that notice is provided for any disruption of service
• Work with the necessary Corporate parties to collect and follow up on customer/client feedback

Employees will:
• Attend and complete Customer Service Accessibility Training
• Employ the skills and knowledge presented in "The Accessible Workplace" Training program to serve clients with disabilities
• Inform local office management and HR of any issues regarding accessibility, or disruptions in service
• Adhere to the Accessibility Standard at all times
• Provide assistance to customers/clients where necessary
